FUNCTION	Create District standards for the benefit of the Measure H program. Coordinate existing work by committees.	Create standards for phase 1 work, to be executed in Summer of 2016. Set up standards for phase 2 work.	Create standards for the purchase of furniture for the duration of Measure H.	Based on the existing assessment, create a “sign family” and set of solutions for signage at each campus	Create standards for exterior landscape, including furniture and the identification of outdoor learning.	Create standards and guidelines for each teaching site, as well as a “style guide” for future project-specific architects.	Update the District’s transition plan and develop universal guidelines with the assistance of an experienced consultant	Develop standards and guidelines for health and safety issues, with the assistance of an experienced consultant.
WORK PRODUCTS	Sustainability Guidelines LEED guidelines	Classroom types AV equipment Floor, wall finishes Window coverings Furniture types	FFE quality standards Furniture Fair with Office and Student Desk demonstration Purchasing protocol	Signage Family Design and placement of signs Prioritization of projects	Site design Fixtures and site features and standards Outside learning spaces	Style Guide Color and material guide for exterior and interior spaces	Transition plan for each building on each campus	Security equipment and prioritization of each feature and/or recommendation.
